

# ROYAL PROCLAMATION of ASCENDANCY

The throne of Paliano remains the true seat of the monarch—a noble without equal, bastion of equanimity, ruler of all beheld, honored . . . until deposed.

Let those who have sat upon the throne of thrones be recorded here.

- \_\_\_\_\_ became our first monarch, a wise but fierce leader. However, the ambitions of another combatant won the day, and thus began the tale of succession!
- \_\_\_\_\_ ruled as second monarch. The people celebrated that this newfound benevolence would smile upon the realm for the rest of their days. The people were wrong.
- \_\_\_\_\_ ruled as third monarch, winning the crown in combat. A royal pattern had begun to develop—and the royal scribe retired.

- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

Only one remained as the great battle concluded. All hail

\_\_\_\_\_, our true monarch!
