Mystic

A human clad in simple robes walks along a forest path. A gang of goblins emerges from the brush, arrows trained on him, their smiles wide at their good fortune of finding such easy prey for the legion’s slave pens. Their smiles turn to shrieks of terror as the traveler grows to giant size and leaps at them, his staff now a deadly cudgel.

The militia forms in ranks to prepare for the orcs’ charge. The growling brutes howl their battle cries and surge forward. To their surprise, the human rabble holds its ground and fights with surprising ferocity. Suddenly, mindless fear clings to the orcs’ minds and they, despite facing a far inferior foe, turn and run, never noticing the calm half-elf standing amid the militia and directing its efforts.

Baron von Ludwig was always proud of his grand library. Little did he know that each evening, a gnome laden with blank scrolls slipped past his guards each night and dutifully copied his most heavily guarded archives. When the duke’s men arrived to arrest him for dealing with demons, he never guessed that the gnome scribe traveling with them had spent more time in his keep than he had over the past year.

These heroes are all mystics, followers of a strange and mysterious form of power. Mystics shun the world to turn their eyes inward, mastering the full potential of their minds and exploring their psyches before turning to face the world. Mystics are incredibly rare, and most prefer to keep the nature of their abilities secret. Using their inner, psychic strength, they can read minds, fade into invisibility, transform their bodies into living iron, and seize control of the physical world and bend it to their will.

Hermits and Outcasts

Mystics are loners. Most discover the secrets of their power through vague references in tomes of lore or by ingratiating themselves to a master of the power.

In order to master their power, mystics must first master themselves. They spend months and years in quiet contemplation, exploring their minds and leaving nothing uncovered. During this time, they shun society and typically live as hermits at the edge of society. A mystic who studied under a master worked as a virtual slave, toiling away at mundane tasks in return for the occasional lesson or cryptic insight.

When mystics finally master their power, they return to the world to broaden their horizons and practice their craft. Some mystics prefer to remain isolated, but those who become adventurers aren’t content to remain on the fringe of the world.

Eccentric Minds

In order to maintain the strict discipline and intense self-knowledge needed to tap into their power, mystics develop a variety of practices to keep their focus sharp.

These practices are reflected in taboos and quirks, strange little behaviors that govern a mystic’s actions. These quirks are oaths or behavioral tics that help keep mystics in the proper frame of mind while maintaining perfect control over their minds and bodies.

While these taboos are harmless, they help cast mystics as outsiders. Few feel accepted by society, and fewer still care to become integrated with it. To mystics, the life of the mind is where they feel most at home.

Selecting Quirks

To add some texture to your mystic, consider the quirks your character has acquired. These behaviors have no game effect, but your character might become irritated or upset if forced to break them. They’re a great roleplaying tool to add
character to the game. You can roll on or pick from the table below, or create your own quirks. Aim to create two quirks, to give them more of a chance to come into play. Finally, consider why your character chose these behaviors. What do they say about your character's personality or background? Are they based on a specific incident or a belief?

### Psionics

As a student of psionics, you can master and use psionic talents and disciplines, the rules for which appear at the end of this document. Psionics is a special form of magic use, distinct from spellcasting.

### Psionic Talents

A psionic talent is a minor psionic effect you have mastered. At 1st level, you know one psionic talent of your choice. You learn additional talents of your choice at higher levels. The Talents Known column of the Mystic table shows the total number of talents you know at each level; when that number goes up for you, choose a new talent.

### Psionic Disciplines

A psionic discipline is a rigid set of mental exercises that allows a mystic to manifest psionic power. A mystic masters only a few disciplines at a time.

At 1st level, you know one psionic discipline of your choice. The Disciplines Known column of the Mystic table shows the total number of disciplines you know at each level; when that number goes up for you, choose a new discipline.

In addition, whenever you gain a level in this class, you can replace one discipline you know with a different one of your choice.

### Psi Points

You have an internal reservoir of energy that can be devoted to psionic disciplines you know. This energy is represented by psi points. Each psionic discipline describes effects you can create with it by spending a certain number of psi points. A psionic talent requires no psi points.

The number of psi points you have is based on your mystic level, as shown in the Psi Points column of the Mystic table. The number shown for your level is your psi point maximum. Your psi point total returns to its maximum when you finish a long rest. The number of psi points you have can’t go below 0 or over your maximum.
Psi Limit
Though you have access to a potent amount of psionic energy, it takes training and practice to channel that energy. There is a limit on the number of psi points you can spend to activate a psionic discipline. The limit is based on your mystic level, as shown in the Psi Limit column of the Mystic table. For example, as a 3rd-level mystic, you can spend no more than 3 psi points on a discipline each time you use it, no matter how many psi points you have.

Psychic Focus
You can focus psionic energy on one of your psionic disciplines to draw ongoing benefits from it. As a bonus action, you can choose one of your psionic disciplines and gain its psychic focus benefit, which is detailed in that discipline’s description. The benefit lasts until you are incapacitated or until you use another bonus action to choose a different focus benefit.

    You can have only one psychic focus benefit at a time, and using the psychic focus of one discipline doesn’t limit your ability to use other disciplines.

Psionic Ability
Intelligence is your psionic ability for your psionic disciplines. You use your Intelligence modifier when setting the saving throw DC for a psionic discipline or when making an attack roll with one.

    Discipline save DC = 8 + your proficiency bonus + your Intelligence modifier
    Discipline attack modifier = your proficiency bonus + your Intelligence modifier

Mystic Order
At 1st level, you choose a Mystic Order: the Order of the Avatar, the Order of the Awakened, the Order of the Immortal, the Order of the Nomad, the Order of the Soul Knife, or the Order of the Wu Jen, each of which is detailed at the end of the class description. Each order specializes in a specific approach to psionics.

    Your order gives you features when you choose it at 1st level and additional features at 3rd, 6th, and 14th level.

Mystical Recovery
Starting at 2nd level, you can draw vigor from the psi energy you use to power your psionic disciplines.

    Immediately after you spend psi points on a psionic discipline, you can take a bonus action to regain hit points equal to the number of psi points you spent.

Telepathy
At 2nd level, your mind awakens to the ability to communicate via telepathy. You can telepathically speak to any creature you can see within 120 feet of you in this manner. You don’t need to share a language with the creature for it to understand your telepathic messages, but the creature must be able to understand at least one language or be telepathic itself.

Ability Score Improvement
When you reach 4th level, and again at 8th, 12th, 16th, and 19th level, you can increase one ability score of your choice by 2, or you can increase two ability scores of your choice by 1. As normal, you can’t increase an ability score above 20 using this feature.

Strength of Mind
Even the simplest psionic technique requires a deep understanding of how psionic energy can augment mind and body. This understanding allows you to alter your defenses to better deal with threats.

    Starting at 4th level, you can replace your proficiency in Wisdom saving throws whenever you finish a short or long rest. To do so, choose Strength, Dexterity, Constitution, or Charisma. You gain proficiency in saves using that ability, instead of Wisdom. This change lasts until you finish your next short or long rest.

Potent Psionics
At 8th level, you gain the ability to infuse your weapon attacks with psychic energy. Once on each of your turns when you hit a creature with a weapon, you can deal an extra 1d8 psychic damage to that target. When you reach 14th level, this extra damage increases to 2d8.
In addition, you add your Intelligence modifier to any damage roll you make for a psionic talent.

### Consumptive Power

At 10th level, you gain the ability to sacrifice your physical durability in exchange for psionic power. When activating a psionic discipline, you can pay its psi point cost with your hit points, instead of using any psi points. Your current hit points and hit point maximum are both reduced by the number of hit points you spend. This reduction can’t be lessened in any way, and the reduction to your hit point maximum lasts until you finish a long rest.

Once you use this feature, you can’t use it again until you finish a long rest.

### Psionic Mastery

Beginning at 11th level, your mastery of psionic energy allows you to push your mind beyond its normal limits. As an action, you gain 9 special psi points that you can spend only on disciplines that require an action or a bonus action to use. You can use all 9 points on one discipline, or you can spread them across multiple disciplines. You can’t also spend your normal psi points on these disciplines; you can spend only the special points gained from this feature. When you finish a long rest, you lose any of these special points that you haven’t spent.

If more than one of the disciplines you activate with these points require concentration, you can concentrate on all of them. Activating one of them ends any effect you were already concentrating on, and if you begin concentrating on an effect that doesn’t use these special points, the disciplines end that you’re concentrating on.

At 15th level, the pool of psi points you gain from this feature increases to 11.

You have one use of this feature, and you regain any expended use of it with a long rest. You gain one additional use of this feature at 13th, 15th, and 17th level.

### Psionic Body

At 20th level, your mastery of psionic power causes your mind to transcend the body. Your physical form is infused with psionic energy. You gain the following benefits:

- You gain resistance to bludgeoning, piercing, and slashing damage.
- You no longer age.
- You are immune to disease, poison damage, and the poisoned condition.
- If you die, roll a d20. On a 10 or higher, you disincorporate with 0 hit points, instead of dying, and you fall unconscious. You and your gear disappear. You appear at a spot of your choice 1d3 days later on the plane of existence where you died, having gained the benefits of one long rest.

### Mystic Orders

Psionics is a mysterious form of power within most D&D worlds. Secretive orders study its origins and applications, while pushing the boundaries of what psionic power can achieve.

Each of these orders pursues a specific goal for psionic power. That goal shapes how the members of an order understand psionics.

### Order of the Avatar

Mystics of the Order of the Avatar delve into the world of emotion, mastering their inner life to such an extent that they can manipulate and amplify the emotions of others with the same ease that an artist shapes clay. Known as Avatars, these mystics vary from tyrants to inspiring leaders who are loved by their followers.

Avatars can bring out extreme emotions in the people around them. For their allies, they can lend hope, ferocity, and courage, transforming a fighting band into a deadly, unified force. For their enemies, they bring fear, disgust, and trepidation that can make even the most hardened veteran act like a shaky rookie.

### Bonus Disciplines

At 1st level, you learn two additional psionic disciplines of your choice. They must be chosen from among the Avatar disciplines.

### Armor Training

At 1st level, you gain proficiency with medium armor and shields.

### Avatar of Battle

Starting at 3rd level, you project an inspiring aura. While you aren't incapacitated, each ally
within 30 feet of you who can see you gains a +2 bonus to initiative rolls.

**Avatar of Healing**
Beginning at 6th level, you project an aura of resilience. While you aren't incapacitated, each ally within 30 feet of you who can see you regains additional hit points equal to your Intelligence modifier (minimum of 0) whenever they regain hit points from a psionic discipline.

**Avatar of Speed**
Starting at 14th level, you project an aura of speed. While you aren't incapacitated, any ally within 30 feet of you who can see you can take the Dash action as a bonus action.

**Order of the Awakened**
Mystics dedicated to the Order of the Awakened seek to unlock the full potential of the mind. By transcending the physical, the Awakened hope to attain a state of being focused on pure intellect and mental energy.

The Awakened are skilled at bending minds and unleashing devastating psionic attacks, and they can read the secrets of the world through psionic energy. Awakened mystics who take to adventuring excel at unraveling mysteries, solving puzzles, and defeating monsters by turning them into unwilling pawns.

**Bonus Disciplines**
At 1st level, you learn two additional psionic disciplines of your choice. They must be chosen from among the Awakened disciplines.

**Awakened Talent**
At 1st level, you gain proficiency with two of the following skills of your choice: Animal Handling, Deception, Insight, Intimidation, Investigation, Perception, and Persuasion.

**Psionic Investigation**
Starting at 3rd level, you can focus your mind to read the psionic imprint left on an object. If you hold an object and concentrate on it for 10 minutes (as if concentrating on a psionic discipline), you learn a few basic facts about it. You gain a mental image from the object’s point of view, showing the last creature to hold the object within the past 24 hours.

You also learn of any events that have occurred within 20 feet of the object within the past hour. The events you perceive unfold from the object’s perspective. You see and hear such events as if you were there, but can’t use other senses.

Additionally, you can embed an intangible psionic sensor within the object. For the next 24 hours, you can use an action to learn the object’s location relative to you (its distance and direction) and to look at the object’s surroundings from its point of view as if you were there. This perception lasts until the start of your next turn.

Once you use this feature, you can’t use it again until you finish a short or long rest.

**Psionic Surge**
Starting at 6th level, you can overload your psychic focus to batter down an opponent’s defenses. You can impose disadvantage on a target’s saving throw against a discipline or talent you use, but at the cost of using your psychic focus. Your psychic focus immediately ends if it’s active, and you can’t use it until you finish a short or long rest.

You can’t use this feature if you can’t use your psychic focus.

**Spectral Form**
At 14th level, you gain the ability to become a ghostly figure of psionic energy. As an action, you can transform into a transparent, ghostly version of yourself. While in this form, you have resistance to all damage, move at half speed, and can pass through objects and creatures while moving but can’t willingly end your movement in their spaces. The form lasts for 10 minutes or until you use an action to end it.

Once you use this feature, you can’t use it again until you finish a long rest.

**Order of theImmortal**
The Order of the Immortal uses psionic energy to augment and modify the physical form. Followers of this order are known as Immortals. They use psionic energy to modify their bodies, strengthening them against attack and turning themselves into living weapons.

Their mastery of the physical form grants them their name, for Immortals are notoriously difficult to kill.
**Bonus Disciplines**

At 1st level, you learn two additional psionic disciplines of your choice. They must be chosen from among the Immortal disciplines.

**Immortal Durability**

Starting at 1st level, your hit point maximum increases by 1 per mystic level.

In addition, while you aren’t wearing armor or wielding a shield, your base AC equals 10 + your Dexterity modifier + your Constitution modifier.

**Psionic Resilience**

Starting at 3rd level, your psionic energy grants you extraordinary fortitude. At the start of each of your turns, you gain temporary hit points equal to your Intelligence modifier (minimum of 0) if you have at least 1 hit point.

**Surge of Health**

Starting at 6th level, you can draw on your psychic focus to escape death’s grasp. As a reaction when you take damage, you can halve that damage against you. Your psychic focus immediately ends if it’s active, and you can’t use it until you finish a short or long rest.

You can’t use this feature if you can’t use your psychic focus.

**Immortal Will**

Starting at 14th level, you can draw on your reserves of psionic power to survive beyond death. At the end of your turn while at 0 hit points, you can spend 5 psi points to immediately regain a number of hit points equal to your mystic level + your Constitution modifier.

**Order of the Nomad**

Mystics of the Order of the Nomad keep their minds in a strange, rarified state. They seek to accumulate as much knowledge as possible, as they quest to unravel the mysteries of the multiverse and seek the underlying structure of all things. At the same time, they perceive a bizarre, living web of knowledge they call the noosphere.

Nomads, as their name indicates, delight in travel, exploration, and discovery. They desire to accumulate as much knowledge as possible, and the pursuit of secrets and hidden lore can become an obsession for them.

**Order of the Soul Knife**

The Order of the Soul Knife sacrifices the breadth of knowledge other mystics gain to focus on a specific psionic technique. These mystics learn to manifest a deadly weapon of pure psychic energy that they can use to cleave through foes.

Soul knives vary widely in their approach to this path. Some follow it out of a desire to achieve martial perfection. Others are ruthless assassins who seek to become the perfect killer.

**Martial Training**

At 1st level, you gain proficiency with medium armor and martial weapons.
Soul Knife
Starting at 1st level, you gain the ability to manifest a blade of psychic energy. As a bonus action, you create scintillating knives of energy that project from both of your fists. You can’t hold anything in your hands while manifesting these blades. You can dismiss them as a bonus action.

For you, a soul knife is a martial melee weapon with the light and finesse properties. It deals 1d8 psychic damage on a hit.

As a bonus action, you can prepare to use the blades to parry; you gain a +2 bonus to AC until the start of your next turn or until you are incapacitated.

Hone the Blade
Starting at 3rd level, you can spend psi points to augment your soul knife’s attack rolls and damage. You gain a bonus to attack and damage rolls with your soul knives depending on the number of psi points spent, as shown on the table below. This bonus lasts for 10 minutes.

In practical terms, wu jens excel at controlling the forces of the natural world. They can hurl objects with their minds, control the four elements, and alter reality to fit their desires.

Bonus Disciplines
At 1st level, you learn two additional psionic disciplines of your choice. They must be chosen from among the Wu Jen disciplines.

Hermit’s Study
At 1st level, you gain proficiency with two of the following skills of your choice: Animal Handling, Arcana, History, Insight, Medicine, Nature, Perception, Religion, or Survival.

Elemental Attunement
Starting at 3rd level, when a creature’s resistance reduces the damage dealt by a psionic discipline of yours, you can spend 1 psi point to cause that use of the discipline to ignore the creature’s resistance. You can’t spend this point if doing so would increase the discipline’s cost above your psi limit.

Arcane Dabbler
At 6th level, you learn three wizard spells of your choice and always have them prepared. The spells must be of 1st through 3rd level.

As a bonus action, you can spend psi points to create spell slots that you can use to cast these spells, as well as other spells you are capable of casting. The psi-point cost of each spell slot is detailed on the table below.

The spell slot remains until you use it or finish a long rest. You must observe your psi limit when spending psi points to create a spell slot.

Whenever you gain a level in this class, you can replace one of the chosen wizard spells with a different wizard spell of 1st through 3rd level.

Elemental Mastery
Starting at 14th level, if you have resistance to a type of damage, you can spend 2 psi points as a reaction when you take damage of that type to...
ignore that damage; you gain immunity to that damage type until the end of your next turn.

Psionic Disciplines and Talents
Psionic talents and disciplines are the heart of a mystic's craft. They are the mental exercises and psionic formulae used to forge will into tangible, magical effects.

Psionic disciplines were each discovered by different orders and tend to reflect their creators’ specialties. However, a mystic can learn any discipline regardless of its associated order.

Using a Discipline
Each psionic discipline has several ways you can use it, all contained in its description. The discipline specifies the type of action and number of psi points it requires. It also details whether you must concentrate on its effects, how many targets it affects, what saving throws it requires, and so on.

The following sections go into more detail on using a discipline. Psionic disciplines are magical and function similarly to spells.

Psychic Focus
The Psychic Focus section of a discipline describes the benefit you gain when you choose that discipline for your psychic focus.

Effect Options and Psi Points
A discipline provides different options for how to use it with your psi points. Each effect option has a name, and the psi point cost of that option appears in parentheses after its name. You must spend that number of psi points to use that option, while abiding by your psi limit. If you don’t have enough psi points left, or the cost is above your psi limit, you can’t use the option.

Some options show a range of psi points, rather than a specific cost. To use that option, you must spend a number of points within that point range, still abiding by your psi limit. Some options let you spend additional psi points to increase a discipline’s potency. Again, you must abide by your psi limit, and you must spend all the points when you first use the discipline; you can’t decide to spend additional points once you see the discipline in action.

Each option notes specific information about its effect, including any action required to use it and its range.

Components
Disciplines don't require the components that many spells require. Using a discipline requires no spoken words, gestures, or materials. The power of psionics comes from the mind.

Duration
An effect option in a discipline specifies how long its effect lasts.

- **Instantaneous.** If no duration is specified, the effect of the option is instantaneous.
- **Concentration.** Some options require concentration to maintain their effects. This requirement is noted with “conc.” after the option’s psi point cost. The “conc.” notation is followed by the maximum duration of the concentration. For example, if an option says “conc., 1 min.,” you can concentrate on its effect for up to 1 minute.

Concentrating on a discipline follows the same rules as concentrating on a spell. This rule means you can’t concentrate on a spell and a discipline at the same time, nor can you concentrate on two disciplines at the same time. See chapter 10, “Spellcasting,” in the Player's Handbook for how concentration works.

Targets and Areas of Effect
Psionic disciplines use the same rules as spells for determining targets and areas of effect, as presented in chapter 10, “Spellcasting,” of the Player's Handbook.

Saving Throws and Attack Rolls
If a discipline requires a saving throw, it specifies the type of save and the results of a successful or failed saving throw. The DC is determined by your psionic ability.

Some disciplines require you to make an attack roll to determine whether the discipline’s effect hits its target. The attack roll uses your psionic ability.

Combining Psionic Effects
The effects of different psionic disciplines add together while the durations of the disciplines overlap. Likewise, different options from a psionic discipline combine if they are active at the same time. However, a specific option from a
Psionic discipline doesn’t combine with itself if the option is used multiple times. Instead, the most potent effect—usually dependent on how many psi points were used to create the effect—applies while the durations of the effects overlap.

Psionics and spells are separate effects, and therefore their benefits and drawbacks overlap. A psionic effect that reproduces a spell is an exception to this rule.

**Discipline Descriptions**

The psionic disciplines are presented here in alphabetical order.

**Adaptive Body**

*Immortal Discipline*

You can alter your body to match your surroundings, allowing you to withstand punishing environments. With greater psi energy, you can extend this protection to others.

**Psychic Focus.** While focused on this discipline, you don’t need to eat, breathe, or sleep. To gain the benefits of a long rest, you can spend 8 hours engaged in light activity, rather than sleeping during any of it.

**Environmental Adaptation (2 psi).** As an action, you or a creature you touch ignores the effects of extreme heat or cold (but not cold or fire damage) for the next hour.

**Adaptive Shield (3 psi).** When you take acid, cold, fire, lightning, or thunder damage, you can use your reaction to gain resistance to damage of that type—including the triggering damage—until the end of your next turn.

**Energy Adaptation (5 psi; conc., 1 hr.).** As an action, you can touch one creature and give it resistance to acid, cold, fire, lightning, or thunder damage (your choice), which lasts until your concentration ends.

**Energy Immunity (7 psi; conc., 1 hr.).** As an action, you can touch one creature and give it immunity to acid, cold, fire, lightning, or thunder damage (your choice), which lasts until your concentration ends.

**Aura Sight**

*Awakened Discipline*

You refocus your sight to see the energy that surrounds all creatures. You perceive auras,
energy signatures that can reveal key elements of a creature’s nature.

**Psychic Focus.** While focused on this discipline, you have advantage on Wisdom (Insight) checks.

**Assess Foe (2 psi).** As a bonus action, you analyze the aura of one creature you see. You learn its current hit point total and all its immunities, resistances, and vulnerabilities.

**Read Moods (2 psi).** As a bonus action, you learn a one-word summary of the emotional state of up to six creatures you can see, such as happy, confused, afraid, or violent.

**View Aura (3 psi; conc., 1 hr.).** As an action, you study one creature's aura. Until your concentration ends, while you can see the target, you learn if it's under the effect of any magical or psionic effects, its current hit point total, and its basic emotional state. While this effect lasts, you have advantage on Wisdom (Insight) and Charisma checks you make against it.

**Perceive the Unseen (5 psi; conc., 1 min.).** As a bonus action, you gain the ability to see auras even of invisible or hidden creatures. Until your concentration ends, you can see all creatures, including hidden and invisible ones, regardless of lighting conditions.

*Immortal Discipline*

You transform your body, gaining traits of different beasts.

**Psychic Focus.** While focused on this discipline, you have advantage on Wisdom (Animal Handling) checks.

**Bestial Claws (1–7 psi).** You manifest long claws for an instant and make a melee weapon attack against one creature within 5 feet of you. On a hit, this attack deals 1d10 slashing damage per psi point spent.

**Bestial Transformation.** As a bonus action, you alter your physical form to gain different characteristics. When you use this ability, you can choose one or more of the following effects. Each effect has its own psi point cost. Add them together to determine the total cost. This transformation lasts for 1 hour, until you die, or until you end it as a bonus action.

**Amphibious (2 psi).** You gain gills; you can breathe air and water.

**Climbing (2 psi).** You grow tiny hooked claws that give you a climbing speed equal to your walking speed.

**Swimming (2 psi).** You gain fins and webbing between your fingers and toes; you gain a swimming speed equal to your walking speed.

**Tough Hide (2 psi).** Your skin becomes as tough as leather; you gain a +2 bonus to AC.

**Brute Force**

*Immortal Discipline*

You augment your natural strength with psionic energy, granting you the ability to achieve incredible feats of might.

**Psychic Focus.** While focused on this discipline, you have advantage on Strength (Athletics) checks.

**Brute Strike (1–7 psi).** As a bonus action, you gain a bonus to your next damage roll against a target you hit with a melee attack during the current turn. The bonus equals +1d6 per psi point spent, and the bonus damage is the same type as the attack. If the attack has more than one damage type, you choose which one to use for the bonus damage.

**Knock Back (1–7 psi).** When you hit a target with a melee attack, you can activate this ability as a reaction. The target must succeed on a Strength saving throw or be knocked 10 feet away from you per psi point spent. The target moves in a straight line. If it hits an object, this movement immediately ends and the target takes 1d6 bludgeoning damage per psi point spent.

**Mighty Leap (1–7 psi).** As part of your movement, you jump in any direction up to 20 feet per psi point spent.

**Feat of Strength (2 psi).** As a bonus action, you gain a +5 bonus to Strength checks until the end of your next turn.
Celerity
*Immortal Discipline*

You channel psionic power into your body, honing your reflexes and agility to an incredible degree. The world seems to slow down while you continue to move as normal.

**Psychic Focus.** While focused on this discipline, your walking speed increases by 10 feet.

Corrosive Metabolism
*Immortal Discipline*

Your control over your body allows you to deliver acid or poison attacks.

**Psychic Focus.** While focused on this discipline, you have resistance to acid and poison damage.

**Corrosive Touch (1–7 psi).** As an action, you deliver a touch of acid to one creature within your reach. The target must make a Dexterity saving throw, taking 1d10 acid damage per psi point spent on a failed save, or half as much damage on a successful one.

**Venom Strike (1–7 psi).** As an action, you create a poison spray that targets one creature you can see within 30 feet of you. The target must make a Constitution saving throw. On a failed save, it takes 1d6 poison damage per psi point spent and is poisoned until the end of your next turn. On a successful save, the target takes half as much damage and isn’t poisoned.

**Acid Spray (2 psi).** As a reaction when you take piercing or slashing damage, you cause acid to spray from your wound; each creature within 5 feet of you takes 2d6 acid damage.

**Breath of the Black Dragon (5 psi).** You exhale a wave of acid in a 60-foot line that is 5 feet wide. Each creature in the line must make a Constitution saving throw, taking 6d6 acid damage on a failed save, or half as much on a successful one. You can increase the damage by 1d6 per additional psi point spent on it.

**Breath of the Green Dragon (7 psi).** You exhale a cloud of poison in a 90-foot cone. Each creature in the line must make a Constitution saving throw, taking 10d6 poison damage on a failed save, or half as much damage on a successful one.

**Psychic Focus.** While focused on this discipline, you have advantage on Charisma (Intimidation) checks.

**Crowned in Sorrow (1–7 psi).** As an action, one creature you can see within 60 feet of you must make a Charisma saving throw. On a failed save, it takes 1d8 psychic damage per psi point spent, and it can’t take reactions until the start of its next turn. On a successful save, it takes half as much damage.

**Call to Inaction (2 psi; conc., 10 min.).** If you spend 1 minute conversing with a creature, you can attempt to seed it with overwhelming ennui. At the end of the minute, you can use an action to force the creature to make a Wisdom saving throw. The save automatically succeeds if the target is immune to being charmed. On a failed save, it sits and is incapacitated until your concentration ends. This effect immediately ends if the target or any ally it can see is attacked or takes damage. On a successful save, the creature is unaffected and has no inkling of your attempt to bend its will.

**Visions of Despair (3 psi).** As an action, you force one creature you can see within 60 feet of you to make a Charisma saving throw. On a failed save, it takes 3d6 psychic damage, and its speed is reduced to 0 until the end of its next turn. On a successful save, it takes half as much damage. You can increase the damage by 1d6 per additional psi point spent on it.

**Dolorous Mind (5 psi; conc., 1 min.).** As an action, you choose one creature you can see within 60 feet of you. It must succeed on a
Charisma saving throw, or it is incapacitated and has a speed of 0 until your concentration ends. It can repeat this saving throw at the end of each of its turns, ending the effect on itself on a success.

**Crown of Disgust**

*Avatar Discipline*

You cause a creature to be flooded with emotions of disgust.

**Psychic Focus.** While you are focused on this discipline, the area in a 5-foot radius around you is difficult terrain for any enemy that isn’t immune to being frightened.

**Eye of Horror (1–7 psi).** As an action, choose one creature you can see within 60 feet of you. The target must make a Charisma saving throw. On a failed save, it takes 1d6 psychic damage per psi point spent and can’t move closer to you until the end of its next turn. On a successful save, it takes half as much damage.

**Wall of Repulsion (3 psi; conc., 10 min.).** As an action, you create an invisible, insubstantial wall of energy within 60 feet of you that is up to 30 feet long, 10 feet high, and 1 foot thick. The wall lasts until your concentration ends. Any creature attempting to move through it must make a Wisdom saving throw. On a failed save, a creature can’t move through the wall until the start of its next turn. On a successful save, the creature can pass through it. A creature must make this save whenever it attempts to pass through the wall, whether willingly or unwillingly.

**Visions of Disgust (5 psi; conc., 1 min.).** You cause a creature to regard all other beings as horrid, alien entities. As an action, choose one creature you can see within 60 feet of you. The target must make a Wisdom saving throw. On a failed save, it takes 5d6 psychic damage, and until your concentration ends, it takes 1d6 psychic damage per creature within 5 feet of it at the end of each of its turns. On a successful save, the target takes only half the initial damage and suffers none of the other effects.

**World of Horror (7 psi; conc., 1 min.).** As an action, choose up to six creatures within 60 feet of you. Each target must make a Charisma saving throw. On a failed save, a target takes 8d6 psychic damage, and it is frightened until your concentration ends. On a successful save, a target takes half as much damage.

While frightened by this effect, a target’s speed is reduced to 0, and the target can use its action, and any bonus action it might have, only to make melee attacks. The frightened target can repeat the saving throw at the end of each of its turns, ending the effect on itself on a success.

**Crown of Rage**

*Avatar Discipline*

You place a mote of pure fury within a creature’s mind, causing its bloodlust to overcome its senses and for it to act as you wish it to.

**Psychic Focus.** While you are focused on this discipline, any enemy within 5 feet of you that makes a melee attack roll against creatures other than you does so with disadvantage.

**Primal Fury (1–7 psi).** As an action, choose one creature you can see within 60 feet of you. The target must succeed on a Charisma saving throw or take 1d6 psychic damage per psi point spent on this ability and immediately use its reaction to move its speed in a straight line toward its nearest enemy. The save automatically succeeds if the target is immune to being charmed.

**Fighting Words (2 psi; conc., 10 min.).** If you spend 1 minute conversing with a creature, you can attempt to leave a simmering violence in its mind. At the end of the minute, you can use an action to force the creature to make a Wisdom saving throw to resist feeling violent urges against one creature you describe to it or name. The save automatically succeeds if the target is immune to being charmed. On a failed save, the target attacks the chosen creature if it sees that creature before your concentration ends, using weapons or spells against a creature it was already hostile toward or unarmed strikes against an ally or a creature it was neutral toward. Once the fight starts, it continues to attack for 5 rounds before this effect ends. This effect immediately ends if the target or any ally it can see is attacked or takes damage from any creature other than the one it has been incited against. On a successful save, the creature is unaffected and has no inkling of your attempt to bend its will.

**Mindless Courage (2 psi).** You cause a creature’s bloodlust to overcome its sense of preservation. As a bonus action, choose one creature you can see within 60 feet of you. The target must succeed on a Wisdom saving throw or, until the end of your next turn, it can’t willingly move unless its movement brings it closer to its nearest enemy that it can see. The
save automatically succeeds if the target is immune to being charmed.

**Punishing Fury (5 psi; conc., 1 min.).** You cause a creature’s rage to grow so hot that it attacks without heeding its own safety. As a bonus action, choose one creature you can see within 60 feet of you. The target must succeed on a Wisdom saving throw or, until your concentration ends, any creature within 5 feet of it can use a reaction to make a melee attack against it whenever the target makes a melee attack. The save automatically succeeds if the target is immune to being charmed.

**Microscopic Form (7 psi; conc., 10 min.).** As a bonus action, you become smaller than Tiny until your concentration ends. While this size, you gain a +10 bonus to Dexterity (Stealth) checks and a +5 bonus to AC, you can move through gaps up to 1 inch across without squeezing, and you can’t make weapon attacks.

If you’re smaller than Large, you also become Large for the duration.

**Giant Form (7 psi; conc., 1 min.).** As a bonus action, you gain 30 temporary hit points. In addition, until your concentration ends, your melee weapon attacks deal an extra 2d6 bludgeoning damage on a hit, and your reach increases by 10 feet. Mantle of Awe

**Awakened Discipline**

You learn to use psionic energy to manipulate others with a subtle combination of psi and your own, natural charm.

**Psychic Focus.** While focused on this discipline, you gain a bonus to Charisma checks. The bonus equals half your Intelligence modifier (minimum of +1).

**Charming Presence (1–7 psi).** As an action, you exert an aura of sympathetic power. Roll 2d8 per psi point spent on this ability; the total is how many hit points worth of creatures this option can affect. Creatures within 30 feet of you are affected in ascending order of their hit point maximums, ignoring incapacitated creatures, creatures immune to being charmed, and creatures engaged in combat.

Starting with the creature that has the lowest hit point maximum, each creature affected by this option is charmed by you for 10 minutes, regarding you as a friendly acquaintance. Subtract each creature’s hit point maximum from the total before moving on to the next creature. A creature’s hit point maximum must be equal to or less than the remaining total for that creature to be affected.

**Center of Attention (2 psi; conc., 1 min.).** As an action, you exert an aura of power that grabs a creature’s attention. Choose one creature you can see within 60 feet of you. This effect ends if the creature can no longer see or hear you or if it takes damage.

**Invoke Awe (7 psi; conc., 10 min.).** As an action, you exert an aura that inspires awe in others. Choose up to 5 creatures you can see within 60 feet of you. Each target must succeed on an Intelligence saving throw or be charmed by you until your concentration ends. The charmed target will attack only creatures that it has seen attack you since it was charmed or that it was already hostile toward. At the end of each of its turns, it can repeat the saving throw, ending the effect on itself on a success.

**Avatar Discipline**

You exert an aura of trust and authority, enhancing the coordination among your allies.

**Psychic Focus.** While focused on this discipline, when you end your turn and didn’t move during it, you can use your reaction to allow one ally you can see within 30 feet of you to move up to half their speed, following a path of your choice. To move in this way, the ally mustn’t be incapacitated.

**Coordinated Movement (2 psi).** As a bonus action, choose up to five allies you can see within 60 feet of you. Each of those allies can use their reaction to move up to half their speed, following a path of your choice.

Aura of Victory (1–7 psi; conc., 10 min.). As a bonus action, you project psionic energy until your concentration ends. Pillar of Confidence (6 psi; conc., 1 rnd.). As an action, you and up to five creatures you can see within 60 feet of you each gain one extra action to use on your individual turns. Unsettling Aura (3 psi; conc., 1 hr.). As a bonus action, you cloak yourself in unsettling psychic energy. Until your concentration ends, any enemy within 60 feet of you that can see you must spend 1 extra foot of movement for every foot it moves toward you. A creature ignores this effect if immune to being frightened.

Incite Panic (5 psi; conc., 1 min.). As an action, choose up to eight creatures you can see within 90 feet of you that can see you. At the start of each of a target’s turns before your concentration ends, the target must make a Wisdom saving throw. On a failed save, the target is frightened until the start of its next turn, and you roll a die. If you roll an odd number, the frightened target moves half its speed in a random direction and takes no action on that turn, other than to scream in terror. If you roll an even number, the frightened target makes one melee attack against a random target within its reach. If there is no such target, it moves half its speed in a random direction and takes no action on that turn. This effect ends on a target if it succeeds on three saving throws against it.

Mantle of Fury
Avatar Discipline
You allow the primal fury lurking deep within your mind to burst forth, catching you and your allies in an implacable bloodthirst.

Psychic Focus. While focused on this discipline in combat, you and any ally who starts their turn within 10 feet of you gains a 5-foot increase to their walking speed during that turn.

Incite Fury (2 psi; conc., 1 min.). As a bonus action, choose up to three allies you can see within 60 feet of you (you can choose yourself in place of one of the allies). **Cloak of Air (3 psi; conc., 10 min.).** As a bonus action, you seize control of the air around you to create a protective veil. On a failed save, the target takes 1d10 fire damage per psi point spent, and it catches on fire, taking 1d6 fire damage at the end of each of its turns until your concentration ends or until it or a creature adjacent to it extinguishes the flames with an action. On a successful save, the target takes half as much damage and doesn’t catch on fire.

**Rolling Flame (3 psi; conc., 1 min.).** As an action, you create fire in a 20-foot-by-20-foot cube within 5 feet of you. The fire lasts until your
concentration ends. Any creature in that area when you use this ability and any creature that ends its turn there takes 5 fire damage.

**Detonation (5 psi).** As an action, you create a fiery explosion at a point you can see within 120 feet of you. Each creature in a 20-foot-radius sphere centered on that point must make a Constitution saving throw, taking 7d6 fire damage and being knocked prone on a failed save, or half as much damage on a successful one.

**Fire Form (5 psi; conc., 1 min.).** As a bonus action, you become wreathed in flames until your concentration ends. Any creature that ends its turn within 5 feet of you takes 3d6 fire damage.

**Animate Fire (7 psi; conc., 1 hr.).** As an action, you cause a fire elemental to appear in an unoccupied space you can see within 120 feet of you. The elemental lasts until your concentration ends, and it obeys your verbal commands. In combat, roll for its initiative, and choose its behavior during its turns. When this effect ends, the elemental disappears. See the *Monster Manual* for its stat block.

**Mastery of Force**

*Wu Jen Discipline*

As a student of psionic power, you perceive the potential energy that flows through all things. You reach out with your mind, transforming the potential into the actual. Objects and creatures move at your command.

**Psychic Focus.** While focused on this discipline, you have advantage on Strength checks.

**Push (1–7 psi).** As an action, choose one creature you can see within 60 feet of you. The target must make a Strength saving throw. On a failed save, it takes 1d8 force damage per psi point spent and is pushed up to 5 feet per point spent in a straight line away from you. On a successful save, it takes half as much damage.

**Move (2–7 psi).** Choose one object you can see within 60 feet of you that isn’t being worn or carried by another creature and that isn’t secured in place. It can’t be larger than 20 feet on a side, and its maximum weight depends on the psi points spent on this ability, as shown below.

As an action, you move the object up to 60 feet, and you must keep the object within sight during this movement. If the object ends this movement in the air, it falls. If the object would fall on a creature, the creature must succeed on a DC 10 Dexterity saving throw or take damage as listed on the table below.

**Inertial Armor (2 psi).** As an action, you sheathe yourself in an intangible field of magical force. For 8 hours, your base AC is 14 + your Dexterity modifier, and you gain resistance to force damage. This effect ends if you are wearing or don armor.

**Telekinetic Barrier (3 psi; conc., 10 min.).** As an action, you create a transparent wall of telekinetic energy, at least one portion of which must be within 60 feet of you. The wall is 40 feet long, 10 feet high, and 1 inch thick. The wall lasts until your concentration ends. Each 10-foot section of the wall has an AC of 10 and 10 hit points.

**Grasp (3 psi; conc., 1 min.).** You attempt to grasp a creature in telekinetic energy and hold it captive. As an action, choose one creature you can see within 60 feet of you. The target must succeed on a Strength saving throw or be grappled by you until your concentration ends or until the target leaves your reach, which is 60 feet for this grapple.

The grappled target can escape by succeeding on a Strength (Athletics) or Dexterity (Acrobatics) check contested by your psionic ability plus your proficiency bonus. When a target attempts to escape in this way, you can spend psi points to boost your check, abiding by your psi limit. You gain a +1 bonus per psi point spent.

While a target is grappled in this manner, you create one of the following effects as an action:

**Crush (1–7 psi).** The target takes 1d6 bludgeoning damage per psi point spent.

**Move (1–7 psi).** You move the target up to 5 feet per psi point spent. You can move it in the air and hold it there. It falls if the grapple ends.
Mastery of Ice
_Wu Jen Discipline_

You master the power of ice, shaping it to meet your demands.

**Psychic Focus.** While focused on this discipline, you have resistance to cold damage.

**Ice Spike (1–7 psi).** As an action, you hurl a mote of ice at one creature you can see within 120 feet of you. The target must make a Dexterity saving throw. On a failed save, the target takes 1d8 cold damage per psi point spent and has its speed halved until the start of your next turn. On a successful save, the target takes half as much damage.

**Ice Sheet (2 psi).** As an action, choose a point on the ground you can see within 60 feet of you. The ground in a 20-foot radius centered on that point becomes covered in ice for 10 minutes. It is difficult terrain, and any creature that moves more than 10 feet on it must succeed on a Dexterity saving throw or fall prone. If the surface is sloped, a creature that falls prone in the area immediately slides to the bottom of the slope.

**Frozen Sanctuary (3 psi).** As a bonus action, you sheathe yourself with icy resilience. You gain 20 temporary hit points.

**Frozen Rain (5 psi; conc., 1 min.).** As an action, choose a point you can see within 120 feet of you. The air in a 20-foot-radius sphere centered on that point becomes deathly cold and saturated with moisture. Each creature in that area must make a Constitution saving throw. On a failed save, a target takes 6d6 cold damage, and its speed is reduced to 0 until your concentration ends. On a successful save, a target takes half as much damage.

As an action, a target that has its speed reduced can end the effect early if it succeeds on a Strength (Athletics) check with a DC equal to this effect’s save DC.

You can increase this effect’s damage by 1d6 per each additional psi point spent on it.

**Ice Barrier (6 psi; conc., 10 min.).** As an action, you create a wall of ice, at least one portion of which must be within 60 feet of you. The wall is 60 feet long, 15 feet high, and 1 foot thick. The wall lasts until your concentration ends. Each 10-foot section of the wall has AC 12 and 30 hit points. A creature that damages the wall with a melee attack takes cold damage equal to the damage the creature dealt to the wall.

Mastery of Light and Darkness
_Wu Jen Discipline_

You claim dominion over light and darkness with your mind.

**Psychic Focus.** While focused on this discipline, natural and magical darkness within 30 feet of you has no effect on your vision.

**Darkness (1–7 psi).** As an action, you create an area of magical darkness, which foils darkvision. Choose a spot you can see within 60 feet of you. Magical darkness radiates from that point in a sphere with a 10-foot radius per psi point spent on this ability. The light produced by spells of 2nd level or less is suppressed in this area.

**Light (2 psi; conc., 1 min.).** As an action, an object you touch radiates light in a 20-foot radius and dim light for an additional 20 feet. The light lasts until your concentration ends. Alternatively, a creature you touch radiates light in the same manner if it fails a Dexterity saving throw. While lit in this manner, it can’t hide, and attack rolls against it gain advantage.

**Shadow Beasts (3 psi; conc., 1 min.).** As an action, you cause two shadows to appear in unoccupied spaces you can see within 60 feet of you. The shadows last until your concentration ends, and they obey your verbal commands. In combat, roll for their initiative, and choose their behavior during their turns. When this effect ends, the shadows disappear. See the Monster Manual for their stat block.

**Radiant Beam (5 psi; conc., 1 min.).** As an action, you project a beam of light at one creature you can see within 60 feet of you. The target must make a Dexterity saving throw. On a failed save, it takes 6d6 radiant damage and is blinded until your concentration ends. On a successful save, it takes half as much damage. A blinded target can repeat the saving throw at the end of each of its turns, ending the effect on itself on a success.

You can increase this effect’s damage by 1d6 per each additional psi point spent on it.

Mastery of Water
_Wu Jen Discipline_

Your mind becomes one with elemental water, attuning your thoughts to its ebb and flow.

**Psychic Focus.** While focused on this discipline, you have a swimming speed equal to
your walking speed, and you can breathe underwater.

**Desiccate (1–7 psi).** As an action, choose one creature you can see within 60 feet of you. The target must make a Constitution saving throw, taking 1d10 necrotic damage per psi point spent on this ability, or half as much damage on a successful one.

**Watery Grasp (2 psi).** As an action, you unleash a wave that surges forth and then retreats to you like the rising tide. You create a wave in a 20-foot-by-20-foot square. At least some portion of the square’s border must be within 5 feet of you. Any creature in that square must make a Strength saving throw. On a failed save, a target takes 2d6 bludgeoning damage, is knocked prone, and is pulled up to 10 feet closer to you. On a successful save, a target takes half as much damage. You can increase this ability’s damage by 1d6 per additional psi point spent on it.

**Water Whip (3 psi).** As an action, you unleash a jet of water in a line that is 60 feet long and 5 feet wide. Each creature in the line must make a Strength saving throw, taking 3d6 bludgeoning damage on a failed save, or half as much damage on a successful one. In addition, you can move each target that fails its saving throw to any unoccupied space touching the line. You can increase this ability’s damage by 1d6 per additional psi point spent on it.

**Water Breathing (5 psi).** As an action, you grant yourself and up to ten willing creatures you can see within 60 feet of you the ability to breathe underwater for the next 24 hours.

**Water Sphere (6 psi; conc., 1 min.).** As an action, you cause a sphere of water to form around a creature. Choose one creature you can see within 60 feet of you. The target must make a Dexterity saving throw. On a failed save, it becomes trapped in the sphere of water until your concentration ends. While the target is trapped, its speed is halved, it suffers disadvantage on attack rolls, and it can’t see anything more than 10 feet away from it. However, attack rolls against it also suffer disadvantage. The target can repeat the saving throw at the end of each of its turns, ending the effect on itself on a successful one.

**Animate Water (7 psi; conc., 1 hr.).** As an action, you cause a water elemental to appear in an unoccupied space you can see within 120 feet of you. The elemental lasts until your concentration ends, and it obeys your verbal commands. In combat, roll for its initiative, and choose its behavior during its turns. When this effect ends, the elemental disappears. See the *Monster Manual* for its stat block.

**Mastery of Weather**

**Wu Jen Discipline**

Your mind reaches into the sky, reshaping the stuff of storms to serve your needs.

**Psychic Focus.** While focused on this discipline, you have resistance to lightning and thunder damage.

**Cloud Steps (1–7 psi; conc., 10 min.).** As an action, you conjure forth clouds to create a solid, translucent staircase that lasts until your concentration ends. The stairs form a spiral that fills a 10-foot-by-10-foot area and reaches upward 20 feet per psi point spent.

**Hungry Lightning (1–7 psi).** As an action, you lash out at one creature you can see within 60 feet of you with tendrils of lightning. The target must make a Dexterity saving throw, with disadvantage if it’s wearing heavy armor. The target takes 1d8 lightning damage per psi point spent on a failed save, or half as much damage on a successful one.

**Wall of Clouds (2 psi; conc., 10 min.).** As an action, you create a wall of clouds, at least one portion of which must be within 60 feet of you. The wall is 60 feet long, 15 feet high, and 1 foot thick. The wall lasts until your concentration ends. Creatures can pass through it without hindrance, but the wall blocks vision.

**Whirlwind (2 psi).** As an action, choose a point you can see within 60 feet of you. Winds howl in a 20-foot-radius sphere centered on that point. Each creature in the sphere must succeed on a Strength saving throw or take 1d6 bludgeoning damage and be moved to an unoccupied space of your choice in the sphere. Any loose object in the sphere is moved to an unoccupied space of your choice within it if the object weighs no more than 100 pounds.

**Lightning Leap (5 psi).** As an action, you let loose a line of lightning that is 60 feet long and 5 feet wide. Each creature in the line must make a Dexterity saving throw, taking 6d6 lightning damage on a failed save, or half as much damage on a successful one. You can then teleport to an unoccupied space touched by the line.

You can increase this ability’s damage by 1d6 per additional psi point spent on it.
Wall of Thunder (6 psi; conc., 10 min.). As an action, you create a wall of thunder, at least one portion of which must be within 60 feet of you. The wall is 60 feet long, 15 feet high, and 1 foot thick. The wall lasts until your concentration ends. Every foot moved through the wall costs 1 extra foot of movement. When a creature moves into the wall’s space for the first time on a turn or starts its turn there, that creature must succeed on a Strength saving throw, or it takes 6d6 thunder damage, is pushed in a straight line up to 30 feet away from the wall, and is knocked prone.

Thunder Clap (7 psi). As an action, choose a point you can see within 60 feet of you. Thunder energy erupts in a 20-foot-radius sphere centered on that point. Each creature in that area must make Constitution saving throw. On a failed save, a target takes 8d6 thunder damage, and it is stunned until the end of your next turn. On a successful save, a target takes half as much damage.

Mastery of Wood and Earth
Wu Jen Discipline
You attune your mind to seize control of wood and earth.

Psychic Focus. While focused on this discipline, you have a +1 bonus to AC.

Animate Weapon (1–7 psi). As an action, your mind seizes control of a one-handed melee weapon you’re holding. The weapon flies toward one creature you can see within 30 feet of you and makes a one-handed melee weapon attack against it, using your discipline attack modifier for the attack and damage rolls. On a hit, the weapon deals its normal damage, plus an extra 1d10 force damage per psi point spent on this ability. The weapon returns to your grasp after it attacks.

Warp Weapon (2 psi). As an action, choose one nonmagical weapon held by one creature you can see within 60 feet of you. That creature must succeed on a Strength saving throw, or the chosen weapon can’t be used to attack until the end of your next turn.

Warp Armor (3 psi). As an action, choose a nonmagical suit of armor worn by one creature you can see within 60 feet of you. That creature must succeed on a Constitution saving throw, or the creature’s AC becomes 10 + its Dexterity modifier until the end of your next turn.

Wall of Wood (3 psi; conc., 1 hr.). As an action, you create a wall of wood at least one portion of which must be within 60 feet of you. The wall is 60 feet long, 15 feet high, and 1 foot thick. The wall lasts until your concentration ends. Each 5-foot wide section of the wall has AC 12 and 100 hit points. Breaking one section creates a 5-foot by 5-foot hole in it, but the wall otherwise remains intact.

Armored Form (6 psi; conc., 1 min.). As a bonus action, you gain resistance to bludgeoning, piercing, and slashing damage, which lasts until your concentration ends.

Animate Earth (7 psi; conc., 1 hr.). As an action, you cause an earth elemental to appear in an unoccupied space you can see within 120 feet of you. The elemental lasts until your concentration ends, and it obeys your verbal commands. In combat, roll for its initiative, and choose its behavior during its turns. When this effect ends, the elemental disappears. See the Monster Manual for its stat block.

Nomadic Arrow
Nomad Discipline
You imbue a ranged weapon with a strange semblance of sentience, allowing it to unerringly find its mark.

Psychic Focus. While you are focused on this discipline, any attack roll you make for a ranged weapon attack ignores disadvantage. If disadvantage would normally apply to the roll, that roll also can’t benefit from advantage.

Speed Dart (1–7 psi). As a bonus action, you imbue one ranged weapon you hold with psionic power. The next attack you make with it that hits before the end of the current turn deals an extra 1d10 psychic damage per psi point spent.

Seeking Missile (2 psi). As a reaction when you miss with a ranged weapon attack, you can repeat the attack roll against the same target.

Faithful Archer (5 psi; conc., 1 min.). As a bonus action, you imbue a ranged weapon with a limited sentience. Until your concentration ends, you can make an extra attack with the weapon at the start of each of your turns (no action required). If it is a thrown weapon, it returns to your grasp each time you make any attack with it.

©2017 Wizards of the Coast LLC
Nomadic Chameleon
Nomad Discipline

You create a screen of psychic power that distorts your appearance, allowing you to blend into the background or even turn invisible.

Psychic Focus. While focused on this discipline, you have advantage on Dexterity (Stealth) checks.

Chameleon (2 psi). As an action, you can attempt to hide even if you fail to meet the requirements needed to do so. At the end of the current turn, you remain hidden only if you then meet the normal requirements for hiding.

Step from Sight (3 psi; conc., 1 min.). As a bonus action, cloak yourself from sight. You can target one additional creature for every additional psi point you spend on this ability. The added targets must be visible to you and within 60 feet of you.

Each target turns invisible and remains so until your concentration ends or until immediately after it targets, damages, or otherwise affects any creature with an attack, a spell, or another ability.

Enduring Invisibility (7 psi; conc., 1 min.). As a bonus action, you turn invisible and remain so until your concentration ends.

Nomadic Mind
Nomad Discipline

You dispatch part of your psyche into the noosphere, the collective vista of minds and knowledge possessed by living things.

Psychic Focus. Whenever you focus on this discipline, you choose one skill or tool and have proficiency with it until your focus ends. Alternatively, you gain the ability to read and write one language of your choice until your focus ends.

Wandering Mind (2–6 psi; conc., 10 min.). You enter a deep contemplation. If you concentrate for this option’s full duration, you then gain proficiency with up to three of the following skills (one skill for every 2 psi points spent): Animal Handling, Arcana, History, Medicine, Nature, Performance, Religion, and Survival. The benefit lasts for 1 hour, no concentration required.

Find Creature (2 psi; conc., 1 hr.). You cast your mind about for information about a specific creature. If you concentrate for this option’s full duration, you then gain a general understanding of the creature’s current location. You learn the region, city, town, village, or district where it is, pinpointing an area between 1 and 3 miles on a side (DM’s choice). If the creature is on another plane of existence, you instead learn which plane.

Item Lore (3 psi; conc., 1 hr.). You carefully study an item. If you concentrate for this option’s full duration while remaining within 5 feet of the item, you then gain the benefits of an identify spell cast on that item.

Psychic Speech (5 psi). As an action, you attune your mind to the psychic imprint of all language. For 1 hour, you gain the ability to understand any language you hear or attempt to read. In addition, when you speak, all creatures that can understand a language understand what you say, regardless of what language you use.

Wandering Eye (6 psi; conc., 1 hr.). As an action, you create a psychic sensor within 60 feet of you. The sensor lasts until your concentration ends. The sensor is invisible and hovers in the air. You mentally receive visual information from it, which has normal vision and darkvision with a range of 60 feet. The sensor can look in all directions. As an action, you can move the sensor up to 30 feet in any direction. There is no limit to how far away from you the eye can move, but it can’t enter another plane of existence. A solid barrier blocks the eye’s movement, but the eye can pass through an opening as small as 1 inch in diameter.

Phasing Eye (7 psi; conc., 1 hr.). As Wandering Eye above, except the eye can move through solid objects but can’t end its movement in one. If it does so, the effect immediately ends.

Nomadic Step
Nomad Discipline

You exert your mind on the area around you, twisting the intraplanar pathways you perceive to allow instantaneous travel.

Psychic Focus. After you teleport on your turn while focused on this discipline, your walking speed increases by 10 feet until the end of the turn, as you are propelled by the magic of your teleportation. You can receive this increase only once per turn.

Step of a Dozen Paces (1–7 psi). If you haven’t moved yet on your turn, you take a bonus action to teleport up to 20 feet per psi point spent to an unoccupied space you can see, and your speed is reduced to 0 until the end of the turn.
**Nomadic Anchor (1 psi).** As an action, you create an invisible, intangible teleportation anchor in a 5-foot cube you can see within 120 feet of you. For the next 8 hours, whenever you use this psionic discipline to teleport, you can instead teleport to the anchor, even if you can’t see it, but it must be within range of the teleportation ability.

**Defensive Step (2 psi).** When you are hit by an attack, you can use your reaction to gain a +4 bonus to AC against that attack, possibly turning it into a miss. You then teleport up to 10 feet to an unoccupied space you can see.

**There and Back Again (2 psi).** As a bonus action, you teleport up to 20 feet to an unoccupied space you can see and then move up to half your speed. At the end of your turn, you can teleport back to the spot you occupied before teleporting, unless it is now occupied or on a different plane of existence.

**Transposition (3 psi).** If you haven’t moved yet on your turn, choose an ally you can see within 60 feet of you. As a bonus action, you and that creature teleport, swapping places, and your speed is reduced to 0 until the end of the turn. This ability fails and is wasted if either of you can’t fit in the destination space.

**Baleful Transposition (5 psi).** As an action, choose one creature you can see within 120 feet of you. That creature must make a Wisdom saving throw. On a failed save, you and that creature teleport, swapping places. This ability fails and is wasted if either of you can’t fit in the destination space.

**Phantom Caravan (6 psi).** As an action, you and up to six willing creatures of your choice that you can see within 60 feet of you teleport up to 1 mile to a spot you can see. If there isn’t an open space for all the targets to occupy at the arrival point, this ability fails and is wasted.

**Nomad’s Gate (7 psi; conc., 1 hr.).** As an action, you create a 5-foot cube of dim, gray light within 5 feet of you. You create an identical cube at any point of your choice within 1 mile that you have viewed within the past 24 hours. Until your concentration ends, anyone entering one of the cubes immediately teleports to the other one, appearing in an unoccupied space next to it. The teleportation fails if there is no space for the creature to appear in.

**Precognition**

*Awakened Discipline*

By analyzing information around you, from subtle hints to seemingly disconnected facts, you learn to weave a string of probabilities in an instant that gives you extraordinary insights.

**Psychic Focus.** While focused on this discipline, you have advantage on initiative rolls.

**Precognitive Hunch (2 psi; conc., 1 min.).** As a bonus action, you open yourself to receive momentary insights that improve your odds of success; until your concentration ends, whenever you make an attack roll, a saving throw, or an ability check, you roll a d4 and add it to the total.

**All-Around Sight (3 psi).** In response to an attack hitting you, you use your reaction to impose disadvantage on that attack roll, possibly causing it to miss.

**Danger Sense (5 psi; conc., 8 hr.).** As an action, you create a psychic model of reality in your mind and set it to show you a few seconds into the future. Until your concentration ends, you can’t be surprised, attack rolls against you can’t gain advantage, and you gain a +10 bonus to initiative.

**Victory Before Battle (7 psi).** When you roll initiative, you can use this ability to grant yourself and up to five creatures of your choice within 60 feet of you a +10 bonus to initiative.

**Psionic Restoration**

*Immortal Discipline*

You wield psionic energy to cure wounds and restore health to yourself and others.

**Psychic Focus.** While focused on this discipline, you can use a bonus action to touch a creature that has 0 hit points and stabilize it.

**Mend Wounds (1–7 psi).** As an action, you can spend psi points to restore hit points to one creature you touch. The creature regains 1d8 hit points per psi point spent.

**Restore Health (3 psi).** As an action, you touch one creature and remove one of the following conditions from it: blinded, deafened, paralyzed, or poisoned. Alternatively, you remove one disease from the creature.

**Restore Life (5 psi).** As an action, you touch one creature that has died within the last minute. The creature returns to life with 1 hit point. This ability can’t return to life a creature
that has died of old age, nor can it restore a creature missing any vital body parts.

**Restore Vigor (7 psi).** As an action, you can touch one creature and choose one of the following: remove any reductions to one of its ability scores, remove one effect that reduces its hit point maximum, or reduce its exhaustion level by one.

**Psionic Weapon**

**Immortal Discipline**

You have learned how to channel psionic energy into your attacks, lending them devastating power.

**Psychic Focus.** Whenever you focus on this discipline, choose one weapon you’re holding or your unarmed strike. When you attack with it while focused on this discipline, its damage is psychic and magical, rather than its normal damage type. Until you reach 6th level as a mystic, you don’t add your Strength or Dexterity modifier to the psychic attack’s damage rolls.

**Ethereal Weapon (1 psi).** As a bonus action, you temporarily transform one weapon you’re holding or your unarmed strike into pure psionic energy. The next attack you make with it before the end of your turn ignores the target’s armor, requiring no attack roll. Instead, the target makes a Dexterity saving throw against this discipline. On a failed save, the target takes the attack’s normal damage and suffers its additional effects. On a successful save, the target takes half damage from the attack but suffers no additional effects that would normally be imposed on a hit.

**Lethal Strike (1–7 psi).** As a bonus action, you imbue a weapon you’re holding or your unarmed strike with psychic energy. The next time you hit with it before the end of your turn, it deals an extra 1d10 psychic damage per psi point spent.

**Augmented Weapon (5 psi; conc., 10 min.).** As a bonus action, touch one simple or martial weapon. Until your concentration ends, that weapon becomes a magic weapon with a +3 bonus to its attack and damage rolls.

**Psychic Assault**

**Awakened Discipline**

You wield your mind like a weapon, unleashing salvos of psionic energy.

**Psychic Focus.** While focused on this discipline, you gain a +2 bonus to damage rolls with psionic talents that deal psychic damage.

**Psionic Blast (1–7 psi).** As an action, choose one creature you can see within 60 feet of you. The target takes 1d8 psychic damage per psi point spent on this ability.

**Ego Whip (3 psi).** As an action, choose one creature you can see within 60 feet of you. The target must make an Intelligence saving throw. On a failed save, the creature takes 3d8 psychic damage, and it is filled with self-doubt, leaving it unable to use its action on its next turn only to take the Dodge, Disengage, or Hide action. On a successful saving throw, it takes half as much damage.

**Id Insinuation (5 psi).** As an action, choose one creature you can see within 60 feet of you. The target must make an Intelligence saving throw. On a failed save, the creature takes 5d8 psychic damage, and it goes into a fury, as its id runs rampant. On its next turn, it can use its action only to take the Dodge or Attack action. On a successful save, it takes half as much damage.

**Psychic Crush (7 psi).** As an action, you create a 20-foot cube of psychic energy within 120 feet of you. Each creature in that area must make an Intelligence saving throw, taking 8d8 psychic damage on a failed save, or half as much damage on a successful one. You can increase the damage by 2d8 if you spend 1 more psi point on this ability.

**Psychic Blast (6 psi).** As an action, you unleash devastating psychic energy in a 60-foot cone. Each creature in that area must make an Intelligence saving throw, taking 8d8 psychic damage on a failed save, or half as much damage on a successful one. You can increase the damage by 2d8 if you spend 1 more psi point on this ability.

**Psychic Disruption**

**Awakened Discipline**

You create psychic static that disrupts other creatures’ ability to think clearly.

**Psychic Focus.** While focused on this discipline, you have advantage on Charisma (Deception) checks.

**Distracting Haze (1–7 psi; conc., 1 min.).** As an action, choose one creature you can see within 60 feet of you. That creature must make an Intelligence saving throw. On a failed save, it takes 1d10 psychic damage per psi point spent and can’t see anything more than 10 feet from it until your concentration ends. On a successful save, it takes half as much damage.

©2017 Wizards of the Coast LLC
Daze (3 psi). As an action, choose one creature you can see within 60 feet of you. That creature must make an Intelligence saving throw. On a failed save, the target is incapacitated until the end of your next turn or until it takes any damage.

Mind Storm (5 psi). As an action, choose a point you can see within 60 feet of you. Each creature in a 20-foot-radius sphere centered on that point must make a Wisdom saving throw. On a failed save, a target takes 6d8 psychic damage and suffers disadvantage on all saving throws until the end of your next turn. On a successful save, a creature takes half as much damage. You can increase the damage by 1d6 per additional psi point spent on this ability.

Psychic Inquisition
Awakened Discipline
You reach into a creature’s mind to uncover information or plant ideas within it.

Psychic Focus. While focused on this discipline, you know when a creature communicating with you via telepathy is lying.

Hammer of Inquisition (1–7 psi). As an action, choose one creature you can see within 60 feet of you. The target must make an Intelligence saving throw. On a failed save, it takes 1d10 psychic damage per psi point spent and suffers disadvantage on its next Wisdom saving throw before the end of your next turn. On a successful save, it takes half as much damage.

Forceful Query (2 psi). As an action, you ask a question of one creature that can see and hear you within 30 feet of you. The question must be phrased so that it can be answered with a yes or no, otherwise this ability fails. The target must succeed on a Wisdom saving throw, or it replies with a truthful answer. A creature is immune to this ability if it is immune to being charmed.

Ransack Mind (5 psi; conc., 1 hr.). While you concentrate on this ability, you probe one creature’s mind. The creature must remain within 30 feet of you, and you must be able to see it. If you reach the ability’s full duration, the target must make three Intelligence saving throws, and you learn information from it based on the number of saving throws it fails.

With one failed saving throw, you learn its key memories from the past 12 hours.

With two failed saving throws, you learn its key memories from the past 24 hours.

With three failed saving throws, you learn its key memories from the past 48 hours.

Phantom Idea (6 psi; conc., 1 hr.). While you concentrate on this ability, you probe one creature’s mind. The creature must remain within 30 feet of you, and you must be able to see it. If you reach the ability’s full duration, the target must make three Intelligence saving throws, and you plant a memory or an idea in it, which lasts for a number of hours based on the number of saving throws it fails. You choose whether the idea or memory is trivial (such as “I had porridge for breakfast” or “Ale is the worst”) or personality-defining (“I failed to save my village from orc marauders and am therefore a coward” or “Magic is a scourge, so I renounce it”).

With one failed saving throw, the idea or memory lasts for the next 4 hours. With two failed saving throws, it lasts for 24 hours. With three failed saving throws, it lasts for 48 hours.

Phantom Foe (3 psi; conc., 1 min.). As an action, choose one creature you can see within 60 feet of you. The target must make an Intelligence saving throw. ## Psionic Talents

Psionic talents are minor abilities that require psionic aptitude but don’t drain a mystic’s reservoir of psionic power. Talents are similar to disciplines and use the same rules, but with three important exceptions:

- You can never use your psychic focus on a talent.
- Talents don’t require you to spend psi points to use them.
- Talents aren’t linked to Mystic Orders.

The talents are presented below in alphabetical order.

### Beacon

*Psionic Talent*

As a bonus action, you cause bright light to radiate from your body in a 20-foot radius and dim light for an additional 20 feet. The light can be colored as you like. The light lasts for 1 hour, and you can extinguish it earlier as a bonus action.

### Blade Meld

*Psionic Talent*

As a bonus action, a one-handed melee weapon you hold becomes one with your hand. For the next minute, you can’t let go of the weapon nor can it be forced from your grasp.

### Blind Spot

*Psionic Talent*

As an action, you erase your image from the mind of one creature you can see within 120 feet of you; the target must succeed on a Wisdom saving throw, or you are invisible to it until the end of your next turn.

### Delusion

*Psionic Talent*

As an action, you plant a false belief in the mind of one creature that you can see within 60 feet of you. You can create a sound or an image. Only the target of this talent perceives the sound or image you create.

If you create a sound, its volume can range from a whisper to a scream. It can be your voice, someone else’s voice, a creature’s roar, a musical instrument, or any other sound you pick. It lasts for 1 minute.

If you create an object, it must fit within a 5-foot cube and can’t move or be reflective. The image can’t create any effect that influences a sense other than sight. The image lasts for 1 minute, and it disappears if the creature touches it.

### Energy Beam

*Psionic Talent*

As an action, you target one creature you can see within 90 feet of you. The target must succeed on a Dexterity saving throw or take 1d8 acid, cold, fire, lightning, or thunder damage (your choice).

The talent’s damage increases by 1d8 when you reach 5th level (2d8), 11th level (3d8), and 17th level (4d8).

### Light Step

*Psionic Talent*

As a bonus action, you alter your density and weight to improve your mobility. For the rest of your turn, your walking speed increases by 10 feet, and the first time you stand up this turn, you do so without expending any of your movement if your speed is greater than 0.

### Mind Meld

*Psionic Talent*

As a bonus action, you can communicate telepathically with one willing creature you can see within 120 feet of you. The target must have an Intelligence of at least 2, otherwise this talent fails and the action is wasted.

This communication can occur until the end of the current turn. You don’t need to share a language with the target for it to understand your telepathic utterances, and it understands you even if it lacks a language. You also gain
access to one memory of the target’s choice, gaining perfect recall of one thing it saw or did.

Mind Slam  
*Psionic Talent*

As an action, you target one creature you can see within 60 feet of you. The target must succeed on a Constitution saving throw or take 1d6 force damage. If it takes any of this damage and is Large or smaller, it is knocked prone.

Mind Thrust  
*Psionic Talent*

As an action, you target one creature you can see within 120 feet of you. The target must succeed on an Intelligence saving throw or take 1d10 psychic damage.

The talent’s damage increases by 1d10 when you reach 5th level (2d10), 11th level (3d10), and 17th level (4d10).

Mystic Charm  
*Psionic Talent*

As an action, you beguile one humanoid you can see within 120 feet of you. The target must succeed on a Charisma saving throw or be charmed by you until the end of your next turn.

Mystic Hand  
*Psionic Talent*

You can use your action to manipulate or move one object within 30 feet of you. The object can’t weigh more than 10 pounds, and you can’t affect an object being worn or carried by another creature. If the object is loose, you can move it up to 30 feet in any direction.

This talent allows you to open an unlocked door, pour out a beer stein, and so on.

The object falls to the ground at the end of your turn if you leave it suspended in midair.

Psychic Hammer  
*Psionic Talent*

As an action, you try to grasp one creature you can see within 120 feet of you, with a hand crafted from telekinetic energy. The target must succeed on a Strength saving throw or take 1d6 force damage. If it takes any of this damage and is Large or smaller, you can move it up to 10 feet in a straight line in a direction of your choice. You can’t lift the target off the ground unless it is already airborne or underwater.

The talent’s damage increases by 1d6 when you reach 5th level (2d6), 11th level (3d6), and 17th level (4d6).
