

WELCOME TO JUMP/START

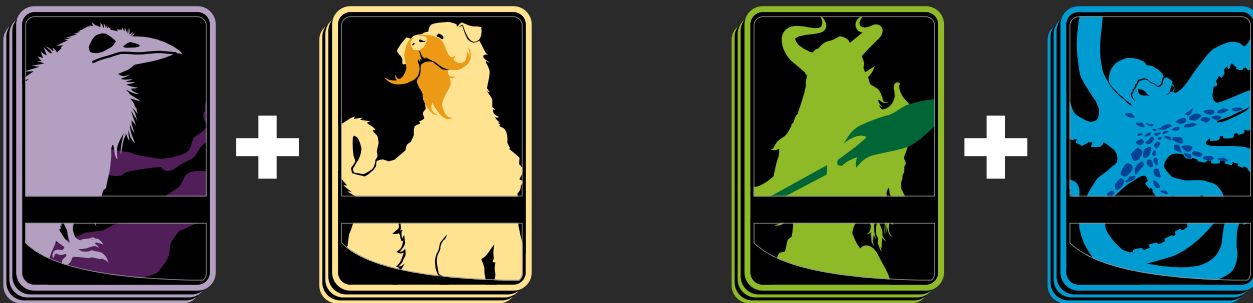

Jumpstart is a fun way to combine cool and crazy themes into ready-to-play 40-card decks.
Grab four boosters and leap into action!

LET'S JUMP IN!

First, open all four of your Jumpstart boosters—but don't open the packets inside yet.

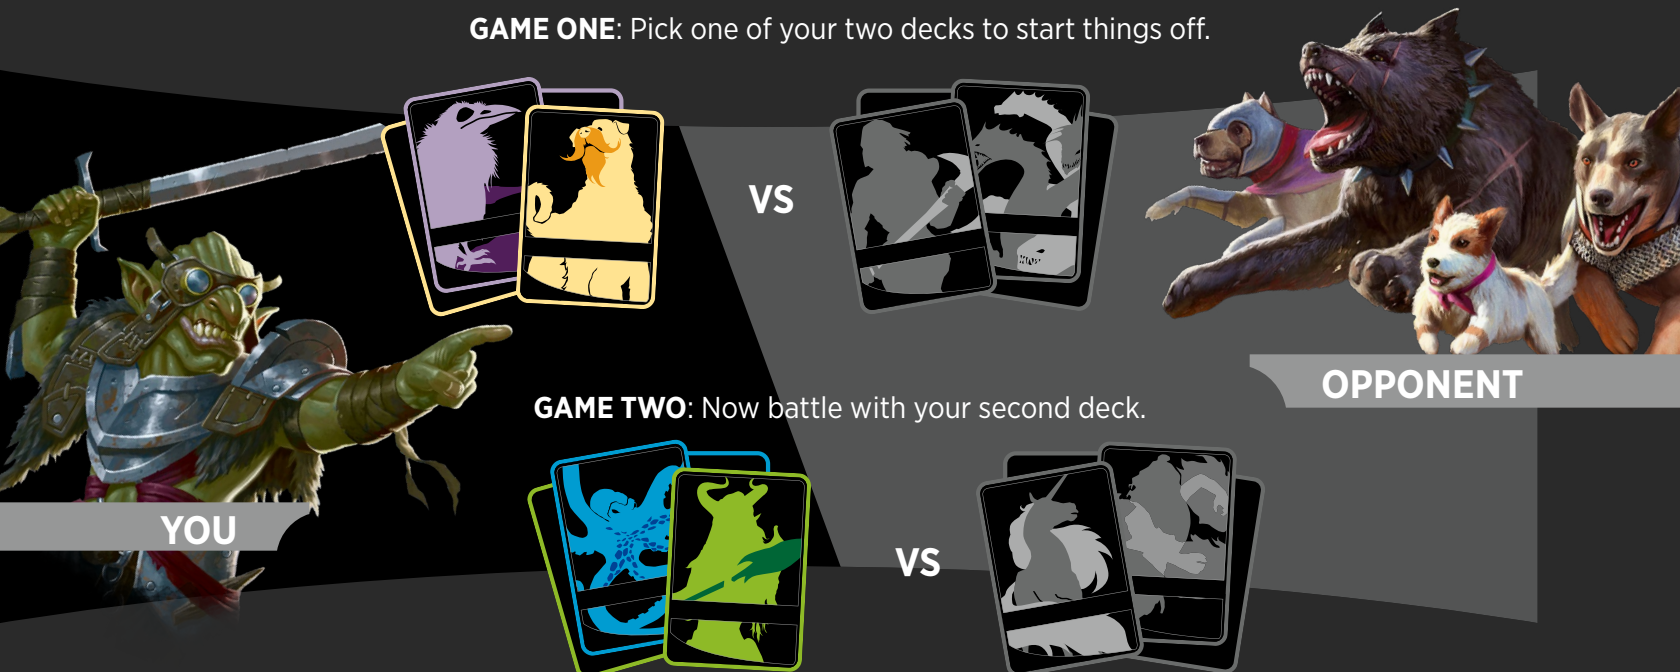

Each packet has a theme card on top. Mix and match the themes into two pairs.

Now, open your packets and shuffle each pair together to make two 40-card decks.
Lands are included, so you're ready to play.

BATTLE!

GAME ONE: Pick one of your two decks to start things off.

GAME TWO: Now battle with your second deck.

Did you win both games? If so, congrats! You won the match. If you need a tiebreaker, you and your opponent can each choose which deck to play in game three.
