## ADVENTURES IN THE FORGOTTEN REALMS

The cover art depicts a dramatic scene from the Dungeons & Dragons universe. In the foreground, the dark, overlapping scales of a dragon's head and neck are visible, framing the scene. In the background, four dragons are shown in a fiery, volcanic landscape. On the left, a green dragon with glowing green eyes and a green gem in its mouth. In the center, a red dragon with glowing red eyes and a large, glowing red gem in its mouth. On the right, a blue dragon with glowing blue eyes and a blue gem in its mouth. In the center-right, a white dragon with glowing white eyes and a white gem in its mouth. The dragons are breathing fire, and the sky is filled with orange and red flames. In the foreground, several small figures of adventurers are visible, some standing and some falling, looking up at the dragons. The overall tone is epic and dramatic.
